F20 Ice Cuber Unit

Temperature

Ice Maker

Dimensions (mm)

W 385 D 445
H 700

Capacity

20 KG 24hr

Features & Benefits

The Foster Ice Maker Range offers high output, top quality ice production, excellent build quality, stylish good looks and a superb choice of models - all in one outstanding value-for-money package

- Innovatively designed with new user-friendly electro-mechanical controls to ensure reliability
- The models also incorporate a condenser thermostat, which ensures a full harvest of cubes
- Produces ultra cold square cubes that last longer in the glass, ice bucket and the machine's storage bin
- Uses as little as 5 litres of water to produce 1 kilo of ice - important where water is metered.
- The new flush system ensures clear ice free from impurities and eliminates the risk of lime-scale

Supplied as Standard Optional Not Available Yes No

Ice Cube Size

Cube - 31 x 24 x 26mm

External Finish

304 Stainless Steel

Internal Finish

White Foodsafe

Base Fittings

Drain Required?

Electrical Data

230 Volts

50Hz

60Hz

1 Phase

Watts

Fuse Required **13 amp**

Foot Notes

- Output: The output figures quoted are based on 10°C water input and ambient air temperature
- Dimensions: Legs provided as standard to increase height for drainage where required - 180cm maximum height increase
- Note: A minimum clearance of 15cm (6 in) must be left at the sides of the machine for routing cooling air drawn into and exhausted out of the compartment to maintain a proper condensing operation.
