FHC500XM Heated Mobile Cabinet

FHC500XM

Temperature

Heated 84/87 °C

Dimensions (mm)

W 738 D 920

H 1825

Capacity

500 Litres

Unpacked Weight

not available

Features & Benefits

The FHC500XM is ideal for transporting heated product to the point of service. Simply load the cabinet with hot food, wheel to the point of service and plug in to keep food hot through to service.

- When plugged in, food is kept at optimum hot food serving temperature (+84^{°F}C to 87^{°F}C)
- Unplugged, the Heated Cabinet can maintain temperatures of +70^{°F}C for up to 1 hour without power (depending on food type and quantity)
- Fan assisted heating and insulated cabinet ensures uniform temperature for food holding
- Automatic safety cut-out (with warning light) prevents overheating
- Built in humidity reservoir keeps heated food in perfect condition prior to service
