About our Keg Coolers

Our Keg Cooler range offers something to meet all bar requirements and is designed to fit perfectly under the bar. The range is environmentally friendly, as it works with reduced power consumption.

Our panel construction keg coolers are supplied as ready to assemble panels, ideally suited for pre-chilling kegs, crates or bottled drinks.

Features of the Keg Cooler range

- All fitted with robust base plate
- Electronic temperature range with a clearly visible display
- Short cooling time – draught beer is served at the right temperature every time
