

# Product Code: FS40 27-106

## Air cooled standard Ice Cuber

---

## Features & Benefits

---

FS40

- Innovatively designed with new user-friendly electro-mechanical controls to ensure reliability
- The models also incorporate a condenser thermostat, which ensures a full harvest of cubes
- Produces ultra cold square cubes that last longer in the glass, ice bucket and the machine's storage bin
- Uses as little as 5 litres of water to produce 1 kilo of ice - important where water is metered.
- The new flush system ensures clear ice free from impurities and eliminates the risk of lime-scale
- Bin capacity: 15 kgs
- Ice: Cubed 35x37x32mm

## Base Fittings

**Adjustable leg set** Option

## Product Extras

**Condensate pump** Option

## Refrigeration

**Ice bin type** Integral

**R134a - Industry Standard** Standard

**Drain Rqd** 20mm

## Specification

**Air cooled ice maker** Standard

**Width (mm)** 500

**Depth (mm)** 540

**Height (mm)** 690

**Cubes - 37 x 35 x 32mm** Standard

**KG per 24 hours** 37 kg

## Electrical & Service Data

**230/50/1** Standard

## Finish

**Stainless steel** Standard

## Footnotes

- Output figures quoted are based on 10°C water input and ambient air temp of 21°C
- Note: A minimum clearance of 15cm (6") must be left at the sides of the machine for routing cooling air drawn into and exhausted out of the compartment to maintain a proper condensing operation
- Maximum ambient air temperature 40°C; maximum input water temperature 35°C
- Everpure filter, cartridge and head kit available as an option
- Everpure water filter and ION clean installation kit available as an option
