

# DRINK WATER COOLERS

**NEW** Free Standing Water Coolers and Counter Top Water Cooler

**WRAS**  
APPROVED  
PRODUCT

● *DWC 25*

● *DWC 23 DC*

## Free Standing Model: DWC 15, 25 and 50

- Output of 15, 25 or 50 litres of chilled water per hour
- Water is cooled to +8°C/+10°C - ideal for a refreshing chilled drink
- Simple connection to mains water and convenient single-phase electrical supply
- 304 grade stainless steel finish as standard
- Operated by curved tap
- Front access for easy maintenance on DWC 25 and 50 models

## Direct Chill Water Cooler: DWC 23 DC

- Direct Chill - 23 litres per hour
- Mains water supply, no drain required
- Cold and ambient water supply on demand means no stagnant water
- Ultra efficient filtration system improves water quality removing sediment and improving taste
- Durable, simple design
