

Product Code: F132 with SB105 bin 28-101  
138kg output 100kg bin

---

## Features & Benefits

---

- Innovatively designed with new user-friendly electro-mechanical controls to ensure reliability
- The models also incorporate a condenser thermostat, which ensures a full harvest of cubes
- Produces ultra cold square cubes that last longer in the glass, ice bucket and the machine's storage bin
- High output and storage capacity with dedicated storage bins
- The new flush system ensures clear ice free from impurities and eliminates the risk of lime-scale
- Output figures quoted are based on 10°C water input and ambient air temp of 25°C
- Legs provided as standard to increase height for drainage where required - 70mm maximum height increase
- 138kg output per 24 hours
- Bin capacity: 100kgs
- Ice: Cubed 24x22x22mm

## Refrigeration

|                               |          |
|-------------------------------|----------|
| Ice bin type                  | Modular  |
| R404a - Industry Standard     | Standard |
| Integral Refrigeration System | Standard |
| Drain Rqd                     | 20mm     |

## Finish

|                 |          |
|-----------------|----------|
| Stainless steel | Standard |
| Stainless steel | Standard |

## Electrical & Service Data

**230/50/1** Standard

## Specification

|                       |          |
|-----------------------|----------|
| Air cooled ice maker  | Standard |
| Width (mm)            | 570      |
| Depth (mm)            | 810      |
| Height (mm)           | 1635     |
| Cube - 24 x 22 x 22mm | Standard |
| KG per 24 hours       | 138      |

## Footnotes

- 
- A distance of at least 20cm must be allowed between the sides, back and the walls of the machine
